

## **EMPLOYEE WELLNESS CHECK**

1. Do you currently have fever (99.5° or higher), cough, sore throat, shortness of breath, new loss of taste or smell or any other COVID-19 OR flu like symptoms (nausea, vomiting, diarrhea, etc.)?
2. Have you been diagnosed with COVID-19 by a medical provider?
3. In the past 14 days, have you had close contact (within 6 feet for equal to or greater than 10 minute period of time or living in your household) with a person who has been diagnosed with COVID-19 by a medical provider?
4. Have you been told by a health care provider or public health official that you should self-quarantine due to potential COVID-19 exposure(s) or that you are suspected of having COVID-19?

**If you have answered “yes” to any of these questions you must leave work immediately and call your supervisor.**

To return to work, you will need to have completed any period of required quarantine/self-monitoring, and, if suspected or diagnosed with COVID-19, (1) be cleared by a medical provider with written documentation or (2) only return after at least 72 hours have passed since recovery defined as resolution of fever without use of fever-reducing medications and improvement in respiratory syndromes (e.g., cough, shortness of breath) for 72 hours and at least 7 days have passed since symptoms first appeared.

## **PERSONAL PROTECTIVE EQUIPMENT**

1. Handwashing must be completed at the start of your shift, and hourly thereafter.
2. Protective face masks must be properly worn when in public spaces or within close proximity of others.
3. Practice social distancing of 6” whenever practical.
